OBJECTIVE

Motivated third-year Computer Science and Engineering student with a strong foundation in frontend web development and a CGPA of 8.5. Seeking a frontend development internship to apply my technical skills to real-world projects and contribute effectively to an engineering team.

EDUCATION

Swami Vivekanand Institute of Engineering and Technology

Bachelor of Technology – Computer Science and Engineering, 3rd Year | CGPA: 8.5/10 | Expected Graduation: 2027

TATA DAV Public School, Sijua, Dhanbad

Senior Secondary (Class XII), CBSE | Completed: 2024 | Percentage: 83%

TATA DAV Public School, Sijua, Dhanbad

Secondary School (Class X), CBSE | Completed: 2022 | Percentage: 86%

TECHNICAL SKILLS

- Web Technologies & Markup: HTML5, CSS3, JavaScript, React.js (Basic)
- Tools & Platforms: Git, GitHub, VS Code, Canva (Basic)
- Core Concepts: Responsive Web Design, DOM Manipulation, Component-Based Architecture

PROJECTS

AI-Based File Management System *(In Progress)*

- Developing an intelligent web application designed to optimize file organization and search capabilities using AI integration.
- Building a responsive, user-friendly frontend interface using HTML, CSS, JavaScript, and React.js.
- Utilizing Git and GitHub for version control, code management, and tracking project milestones.
- Implementing automated features to streamline file indexing and categorization for improved user efficiency.

ACHIEVEMENTS

- 3rd Place, Blind Coding Competition: Secured third prize in a timed programming contest by writing error-free logic without viewing the monitor, demonstrating strong command of syntax and algorithmic thinking.

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
